About Me

Aspiring Computer Science student with knowledge of programming and software development through academic and personal projects. Eager to learn new technologies, improve technical skills, and gain practical experience.

Education

Parul University, Vadodara, India

Expected May 2027

Bachelor of Technology in Computer Science and Engineering

CGPA: 8.77

Projects

AI SQL Assistant

GitHub LiveDemo

Technologies Used: FastAPI, React.js, PostgreSQL, SQLAlchemy, Pandas, Groq API, Ollama

- Developed an AI-powered SQL assistant that converts natural language queries into read-only PostgreSQL SQL statements.
- Built a data ingestion pipeline supporting CSV and Excel uploads with automatic schema detection and column normalization.
- Integrated Groq and Ollama LLMs with deterministic query handling for accurate SQL generation and execution.
- Implemented secure SQL validation, schema inspection, CSV export, and an interactive React dashboard for query visualization.

PrivacyGuard AI Financial RAG Assistant

GitHub

Technologies Used: Flask, Python, ChromaDB, SQLite, Pandas

- Engineered a privacy-preserving RAG pipeline for secure document retrieval and AI response generation.
- Integrated semantic search using ChromaDB to improve document retrieval accuracy.
- Implemented PII detection and data masking techniques to protect sensitive financial information.
- Designed a Flask web application for real-time query processing and user interaction.

Technical Skills

- Languages:** Java, C, Python, SQL, JavaScript, HTML/CSS
- Backend & Databases:** Flask, REST APIs, MongoDB, SQLAlchemy, chromaDB
- Technologies:** Machine Learning
- Core CS Concepts:** Data Structures & Algorithms, Object-Oriented Programming, DBMS, Operating Systems, Computer Networks
- Cloud & Tools:** AWS, Git, GitHub, VS Code

Certifications

- Data Analytics Essentials** – Cisco Networking Academy
- Artificial Intelligence Fundamentals** – IBM SkillsBuild
- AI Fundamentals with IBM SkillsBuild** – Cisco Networking Academy
- AWS Academy Graduate – Cloud Foundations** – Amazon Web Services Training and Certification
- NPTEL Certification – Computer Networks** – NPTEL (IIT)
- Design and Analysis of Algorithms** – CodeTantra

Competitive Programming

- Solved 350+ DSA problems across LeetCode and CodeChef.
- Strong understanding of problem solving, algorithms, and optimization techniques.
